

LIVELY POLITICS IN SOMERSET COUNTY DURING NEXT TEN DAYS.

Berkley's Effort to Sidetrack Charley Risheberger Has Stirred Up All Kinds of Trouble.

TOO MANY CANDIDATES OUT

To Suit Former Banking Commissioner Who Is Candidate for Common Pleas Bench and Has Been Profile in Promises—Old Campaign Story.

SPECIAL TO THE COURIER.
SOMERSET, May 24.—The far is due to fly in politics in Somerset county during the next ten days. There are six Republican candidates for nomination for Assembly and only two nominations to be made. Two of the candidates William H. Floto of Meyersdale and M. D. Reel of Shamokin are supported by that element of the Republican party in the county known as the Anti-Berkley faction. Opposed to these candidates are Charles Risheberger of Addison, Albert G. Bantley of Windber, Lewis C. Lambert of Somerset and Everett C. Walsh of Somerset. All four of these candidates have been claiming the backing of J. A. Berkley, former State Commissioner of Banking, and a candidate for the Common Pleas bench in Somerset county next year. Berkley it appears has been profuse in promises. He has handed them out right and left. Now the chickens are coming home to roost.

With the primary but ten days off things are happening. First Berkley sent for Charley Risheberger last week and asked him to get off the ticket. The Addison man exploded. He was only beaten by 57 votes in a previous run and he attributed his defeat then to Berkley. However, he had remained loyal to him and the request of Berkley for him to get out of the way was anything but pleasing news. There was a rather stormy scene at the meeting and it wound up by Risheberger exacting a solemn promise from Berkley with up lifted right hand that he would be loyal to him on June 1, a promise that came after Risheberger threatened to even up when Berkley bolts up as a candidate for Judge next spring unless he walks the straight and narrow path for the Addison man.

Now it develops that Berkley has agreed to concentrate all of his support for the nomination of Lambert and Walsh. He realizes that he is lost with his support scattered among four candidates. Consequently little stories of Risheberger's weaknesses have been quietly circulated in the northern part of the county. Friends were also made on Risheberger in Meyersdale. His friends were quick to come back, however, and all sorts of reprisal campaigns are outlined. Risheberger's friends are indignant at Berkley and his friends, for notwithstanding the promise that the former Banking Commissioner made, the impression has gone forth over the county that Berkley wants to get rid of Risheberger.

Four years ago Charles Risheberger at a conference at Meyersdale at which J. W. Endley and J. A. Berkley were among those present agreed to withdraw from the race for Assembly provided Endley paid his campaign expenses. He either agreed to pay Endley's expenses or accept the same position from him. Risheberger had the word with him to make good his offer. Endley said he would pay the Addison man's expenses. Risheberger wanted the cash. Endley didn't have it with him, but Berkley stepped forward and said he would stand good for whatever the amount was. Four years passed before either Endley or Berkley thought of the Risheberger account. Then about a week ago half of it was produced when the Addison candidate threatened to expose their failure to make good an honorable agreement.

GEO. B. BROWN RESIGNS HIS JOB.

H. C. Norton is Appointed Tax Collector in the Borough.

CAME AS A BIG SURPRISE

Mr. Brown Has Been Investing in Texas Lands and May Join His Son and Daughter There—Made a Splendid Record in the Office.

George B. Brown has resigned his position as Tax Collector and this morning the court appointed H. C. Norton to succeed him. The sudden turn in events in the Tax Collector's office was known to but few people. Mr. Norton did not know that his appointment had been made by the court until informed at noon by The Courier.

Mr. Brown sent in his resignation to take effect as soon as a successor could be appointed. He has been investing in Texas lands lately and for some months past has desired to get away from the office he has filled so successfully. It is not at all unlikely that he and Mrs. Brown will join their son and daughter in Texas before long. At least, freed from the cares of office, George B. Brown will be able to make more frequent or extended visits to the new home of his children. George B. Brown leaves the position of Tax Collector with a clean record. Not only has he been a good tax collector, but his record for prompt execution of his duties has been excellent. Mr. Brown is succeeded by H. C. Norton, for many years in the First National Bank. The appointment will be especially pleasing to the many friends of Harry Norton. He has been a courteous and efficient bank man working up from messenger to assistant cashier as rapidly as possible under the promotion system observed by banking institutions. Mr. Norton will assume charge of the Tax Collector's office as soon as his \$75,000 bond is filed. Mr. Brown will not be able to leave Connellsville until the back duplicates have been settled, but on this work he has made excellent progress during the past few weeks.

ROOSEVELT AND INSURGENCY THE SCHEME.

Plan is on Foot to Draw the Colonel Into Whirlwind Campaign to Return the Progressives to Power in the Fall—Base Hope on Roosevelt's Known Opposition to Speaker Cannon.

UNITED PRESS TELEGRAM.
WASHINGTON, May 24.—"Roosevelt and Insurgency" will be the battle cry of the House Progressives for reelection in the next fall. They are planning to sweep Roosevelt into a terrific campaign and have their assurance on Colonel Roosevelt's active support against "Cannonism" in the heretofore unpublished report of the insurgent Executive Committee. This committee, composed of Representatives Nelson, Madison and Gardner made its report to the insurgents. It is that on March 3, 1909, Roosevelt proposed to give Chairman Nelson of the committee a letter endorsing the fight against Cannon and the rules of the House. He said:

"Speaker Cannon has been the great obstacle to my efforts to secure good legislation for the country."

On March 4 Roosevelt begged to be excused for fear that such a course might embarrass his successor. One of the last official acts of Roosevelt was to take Gardner and Nelson by the hands and lead them to President Taft, pleading that the President endorsed the insurgents.

The story of the Colonel's endorsement is as follows: The committee arranged an appointment with President Roosevelt on the afternoon of March 4. Nelson outlined to the President the plan for the attack on Cannon and the rules, their object and the chances of success.

"Now, boys, let me thank you out loud," the Colonel said. In thirty minutes he had outlined his position in the pending struggle. He said that Cannon and his followers had opposed the measures he advanced and declared that he personally sympathized with the insurgents and what they proposed to do.

Throughout the interview Roosevelt's only objection to a public declaration was that it might embarrass his successor. He repeatedly evinced a desire to aid the cause. He offered to write a letter to Nelson endorsing the program. He told of writing a similar letter to the "organization" Republicans to aid the cause. At noon the next day a page summoned Nelson and Gardner and the Colonel in said to have discussed the matter in Taft's presence. President Taft suggested that Roosevelt at least "keep his hands off" and turned the matter off in a joking way. The insurgents had written the Colonel in Africa but his replies were guarded.

NEW SCHEDULE OF B. & O. WAS ANNOUNCED HERE TODAY.

New Trains Put in Service on the Fairmont Branch and Main Line Time is Better.

PROOFS OF THE NEW TIME TABLE which will go into effect on the Connellsville division of the Baltimore & Ohio railroad next Sunday have been received at the offices here. Radical changes have been made this summer, especially on the Fairmont branch, which is to have better train service than ever before. Besides securing a new train each way, the division will have its other trains run on more satisfactory time.

On the main line but few changes have been made as far as the through trains are concerned. Train No. 45, the "oyster train," as it is commonly known, is taken off. This consists of express cars and does not carry passengers. The express, which is officially known as No. 9, goes through at the same time, 4:52 A. M., while the westbound arriving time of the Duquesne Limited remains the same, 7:09. No. 17, solid express train; No. 15, westbound passenger train in the afternoon, and No. 49, the evening Cumberland-Pittsburg accommodation, arrive at the same time as heretofore.

No. 57, the Mountain Accommodation, leaves Cumberland 20 minutes earlier in the morning and reaches here at 9:55 instead of 9:55. This train will connect with No. 3 for Fairmont and No. 3 for the east.

No. 53 time is also changed somewhat, the Chicago train leaving Cumberland at 5:07 instead of 5:17 P. M., arriving in Connellsville at 7:45 instead of 7:55.

There is no change in the leaving time of the eastbound main line trains. Owing to the changes in the west bound main line trains, it was necessary to change the time of two east bound trains on the Somerset & Cambria branch. No. 296, which formerly left Johnstown at 6:10 will leave at 6:00, arriving in Rockwood at 7:55 instead of 8:10. It connects with No. 57 for Connellsville. No. 208 will leave Johnstown 10 minutes earlier to arrive at Rockwood at 6:25 instead of 6:35, connecting with No. 5. On the Mt. Pleasant branch the leaving time of No. 57 is changed, leaving Broad Ford at 10:10 instead of 10:30. It will leave Connellsville at 10:05 instead of 10:25.

On the Fairmont branch two new trains are put in commission. Leaving here the first train in the morning will be No. 50 at 7:30 A. M. It will arrive at Fairmont at 10:30 A. M. This train will make the same stops at it now does under the present schedule. No. 52 will leave at 9:55, five minutes earlier than the present leaving time of No. 50, but will arrive at Fairmont at 1:10, the time No. 50 reaches that city at the present time. This cuts five minutes from the running time between the two points.

From Fairmont the first train out will be No. 1 at 5 A. M. It will arrive in Connellsville, as heretofore, at 7:50 A. M. No. 3 will leave Fairmont at 7:10 A. M. instead of 7:10 and reach here at 9:10 instead of 10:10. No. 51 will leave Fairmont at 1:50 instead of 2:15, reaching here at 4:20 P. M. instead of 5:35. No. 53, the new train, leaves Fairmont at 4:30 P. M. and reaches here at 7:30 P. M., connecting here with No. 5 for the west and No. 12 for the east. Nos. 52 and 51 make approximately the same stops.

W. P. CLARK NAMED JUSTICE OF PEACE.
His Commission Arrived in Uniontown This Afternoon.
The commission of William P. Clark as Justice of the Peace arrived in Uniontown this afternoon. The appointment was predicted by The Courier many weeks ago. Governor Stuart selected Squire Clark to the position because of the marked ability he displayed during his five-year term as a Justice, a term which expired early this month. The death of the late Squire Frank Miller created a vacancy.

During the term he filled the position of Justice of the Peace Squire Clark made an enviable reputation for fairness and efficiency. His appointment by the Governor is a fitting tribute to his ability for the position. Besides being Justice of the Peace Squire Clark was last spring elected a member of Town Council receiving the largest number of votes for Council polled among the six candidates. It was a tribute to Squire Clark that the voters of his Ward elected him while the other two Councilmen, who got through were Democrats. Squire Clark is a veteran of the Civil War and has always been a Republican. His appointment meets with the heartiest approval of all.

FIRST VACATION.
Miss Louise Painter of West Penn is Off Duty this Week.
The first vacation of the season among the West Penn office employees came this week when Miss Louise Painter of New Stanton, who represents the P. McK. & L. in the Accounting Department, under C. A. Furbaugh left for Indiana, Pa., on a week's visit. Although two weeks are allowed all employees of the office, the rush of work makes it necessary for those in the accounting department to take theirs a week at a time.

Efforts are being made to present a new sign ordinance before Town Council at Thursday night's meeting. If the matter can be whipped into shape by that time it will be pushed through Council and put up to Burgess Evans. A new ordinance is assured but whether it can be passed at the next meeting is the only question.

Burgess Evans this morning issued a warrant on Frank Bufano, who appeared to tell why his barber sign in front of the Smith House had not been removed. Bufano secured a stay until after the Council meeting. If Council does not pass an ordinance that will fit his sign, then it will come down the next morning. A. A. Strub increased in Bufano's behalf and Burgess Evans granted a stay in the proceedings.

One thing seems certain and that is the repeal of that section of the present sign ordinance requiring at least 24 exposed lights. This is looked upon by many merchants as an unreasonable requirement and has caused more than one merchant to abandon the idea of erecting a sign.

The provisions of the new sign ordinance have not yet been decided upon. The matter is still in the air and the chances of getting the matter in shape by Thursday seem slim. Clerk Bixler was asked to draft a sample ordinance but he has been too busy engaged with the tax duplicate to devote any time to writing ordinances. It is probable that Borough Solicitor Horner will receive orders to draft an ordinance for the consideration of the Ordinance Committee.

Burgess Evans this morning was not convinced that Council will pass an ordinance that Bufano's sign will fit and intimated that he might veto any measure which will encourage blocking the pavements.

MULLIN ON STAND IN BANK CASE.

Former Mt. Pleasant Cashier
Quizzed About Mort-
gage.

BANK'S DISCOUNT COMMITTEE

Was Composed of Cashier and His As-
sociates—Says Very Often Loans to
Persons Were Not Reported to the
Directors.

GREENSBURG, May 21.—Former
Cashier Charles E. Mullin of the Farm-
ers & Merchants National Bank of Mt.
Pleasant, who is on trial before Judge
Charles P. Orr, in the United States
District Court at Pittsburgh on the
charge of falsifying the funds of the
bank, with E. H. Steinman, the latter
being charged with aiding and abet-
ting Mullin in the falsification
of funds of the bank, resumed the
stand Monday morning in his own de-
fense, at the fifth day of the trial.

Attorney Paul H. Galtier, of Green-
burg, acting for Mullin, asked the wit-
ness to explain about the mortgage of
\$10,000 which had been given to R. K.
Hiseam, the former President of the
bank, as security for certain loans
made the Acme Lumber & Supply
Company, Mullin declared that he did
not know where the mortgage is at
present.

He was asked as to the value of the
various plants and Assistant United
States District Attorney Robert M.
Gibson, then took up the cross-exam-
ination.

Mullin stated that he, with Hiseam,
found the discount committee at
the bank and took after the
loans and securities. Each of them
held 30 shares of the capital stock of
the lumber company, and both were
stockholders in the Acme Glass Com-
pany, although the witness did not re-
call just how much capital stock there
was in the latter company.

The cross-examination brought out
that Mullin had given directions to
pay the checks marked exhibits 1 to
2 to 20 and the checks marked exhibit
21. He stated that it was not the cus-
tom to report the loans to the Acme
company.

"Do you mean to tell me that cer-
tain firms would pretend they ac-
counts in that bank \$10,000, and yet
you would not report the matter to the
board?" asked Mr. Gibson.

"Yes," replied the witness, "because
we had security."

"I show you exhibits 22 to 23,"
said Mr. Gibson, handing a number of
notes to the witness, "and ask you if
the proceeds of these notes went to
the Acme Lumber & Supply Com-
pany?"

"Yes," replied the witness, "because
the transaction was not reported
to the board by you?"

"No sir."

"Why did you not report that these
notes represented indebtedness of the
Acme Lumber & Supply Company?"

"Because I was not interrogated,
and it was not the custom to re-
port, unless I was asked by the board."

A good portion of the morning was
taken up by Mr. Gibson in going over
the testimony of the witness at the
former trial.

Greene County Man's Funny Idea of Punishment

WAYNESBURG, May 24.—A war-
rant was sworn out one day last week
by Charles M. Yoders, of this place,
charging George G. Morris with wan-
tingly pointing firearms and was served
by Constable J. P. Allum. Morris
was taken before Justice of the Peace
Frank Morris, at Portage, and furn-
ished bond in the sum of \$500 for his
appearance in court.

While the charge is pointing fire-
arms, it is said to be only a small
part of the story.

Yoders is a huckster in the employ
of J. F. Tiltow and makes regular
trips to various parts of Greene coun-
ty. One of these trips takes him to
the Whiteley district and it is here
his custom to take dinner at the home
of Morris. It is said that on his last
trip, just after he had finished his
meal, that Morris invited Yoders to
the barn to have a drink of whiskey.

Yoders is supposed to have accom-
panied him and when they reached the
barn of the barn, it is alleged that
Morris pulled a revolver and demand-
ed of Yoders if he would be willing to
face his (Morris's) wife. Yoders, it is
said, replied that he would. Apparent-
ly this did not satisfy Morris, for
as a further precaution, it is said,
Morris demanded that Yoders' hands
should be bound.

It is alleged that when Morris first
pulled his revolver Yoders forbore
unhindered his assistant, but when he
was asked to have his hands bound he
surrendered the revolver. When Yod-
ers' hands had been bound behind his
back it is said that Morris reached over
to a rafter and pulled down a rope,
on the end of which a noose had been
previously made and attempted to
place it around Yoders' neck. At this
move at the hands of his assistant
Yoders gave a lunge forward and
broke the hindleg of his horse.

It is thought by some that Morris
had become unbalanced. The theory
that he was not sane could be the
cause is without foundation, as Mrs.
Morris is one of the most respected
women in the neighborhood.

Cooley's Great
Horned Toad Was
Killed Today.

John Baker Cooley, dean of The
Courier's mechanical force, is discon-
solate over the loss of a great horned
toad which was sent him from the
desert wastes of Arizona some
weeks ago. In some manner the horn-
ed toad got out on the grass, some-
thing it wasn't used to in Arizona,
and was not quick enough to elude the
lawn mower propelled by the aforesaid
Mr. Cooley.

There is gloom in Apple street over
the loss of the great horned toad, the
pride of that thoroughbred. The Cooley
menagerie is no more. The toad was
sent to Cooley by Edwin Tenney, for-
merly of The Courier, who is located
at Prescott, Arizona.

E. B. Burgess. Vice Presidents, Mrs.
E. B. Edlin, Miss Ida Walter. Record-
ing Secretary, Miss Harriet Clark. Mrs.
J. A. Lyon was chairman of the Social
Committee while the musical program
was in charge of the Music Committee

man, Miss Elizabeth Mae Brown, Miss
Marie Bonfiori and Miss Ella Byers.
The program rendered was as fol-
lows: Piano solo, Miss Pearl Keck;

was well selected and each number
was well received. Dainty refresh-
ments followed.

The affair marked the closing of a
very successful year. The club was
organized in 1903 and celebrated in
1904. During the past year about ten
new members were admitted. The
subject for study was "Famous Women
and Current Events" and the pro-
gram committee was highly com-
plimented on their excellent judgment
in arranging the program.

At each meeting very interesting
papers were read and the program as

club will hold its next meeting on the
first Monday afternoon in October.

Among the out of town guests pres-
ent were: Mrs. H. J. Bell, Mrs. Sue

Lilliputian Makes Big Hit at The Soisson

"Shorty" Edwards, the Lilliputian,
who joined the Howell-Kelch Company
at the Soisson last evening made a
big hit. Edwards comes from Cork,
Ireland, and his specialties brought
forth round after round of applause.
Until recently he has been on the
Keith circuit.

Edwards is a genuine Lilliputian, one
of the very few left on the Ameri-
can stage. It is also rare to find an
Irishman as small as Edwards.

He will be with the Howell-Kelch
company this week. In addition to this
lighting big drawing card the stock
company is playing "The Count of
Monte Cristo," "The Slaves of the
Orient" and "Across the Desert" this
week, three splendid attractions.

Edwards does a song and dance and
musical specialty act.

George R. Prosser, an employee of The Ohio Valley Company, met with an accident Monday morning shortly after 10 o'clock, which will cause him to lay off for a few days. While cutting down a large tree he was struck by a limb before he was able to get from limb under the tree, which knocked him to the ground. He was badly bruised.

Give This a Little Serious Thought

The best homes in Connelldale are outfitted with our goods; and in most cases, none but ours. This is easy to say now, but it required years of planning and working before we could say it truthfully. Just think what it means! It means our furniture must, of necessity, be in the best of taste; our patterns must be a year or two in advance of those shown at all other stores; our qualities must be the supremely best.

One of the newest designs of the season; has 2-inch continuous posts with beautifully patterned head and foot piece, as illustrated. This is a strictly high-grade bed in every detail of workmanship. Every part is covered with five distinct coats of French lacquer. Special Price

THE CEMENT AGE

IN DEMOCRATIC POLITICS.

The Advisory Finance Committee of
the Pennsylvania Democracy ask for
a fund of \$20,000 for the unique and
indefinite purpose of the "unification
and cementing of the party," which
means the Unification Standard to ob-
serve that this fund will not likely
furnish enough "cement" for the needs
of the party. Continuing The Stand-
ard says:

Democratic party "cement" is one of
the most expensive brands of the ar-
ticle on the market. The prospects of
"unification" can not be very encour-
aging to the friends of Candidate Mun-
son. The ablest and the leading Demo-
cratic paper in the State, the Day
Democrat, is of the opinion that Mun-
son is not a Democratic Democrat. It
has discovered that the candidate Mun-
son was off the reservation for a decade
or more and regarded himself as es-
pecially available for the nomination
for Supreme Judge last year, because
he didn't have any politics worth men-
tioning. And while the Democrat con-
cedes that Munson's past politics might
have served a useful purpose in that
campaign, it insists that for Governor
the party needs a candidate who has
been a Democrat in and out of season.

On the other side Munson's supporters
object to the prohibition against in-
eligible Henry's politics. They contend
to believe that the times demand a
candidate different from the composition
of herd. And so it is that the \$20,000
unification and cement fund seems
pitifully small for the purposes named.
But if it is seriously thought that the
Democratic party could be harmonized
for the comparatively insignificant
sum of \$20,000 there ought not to be
any trouble in raising it, especially if
Colonel James Madison Guiffy is to be
taken on the joy wagon. If the
proposed harmony plan is real and re-
asonable, Colonel Jim would doubtless
take pleasure in writing his check for
the whole amount. In State politics
\$20,000 is a mere trifle. It wouldn't
cement one side of a judicial campaign
in Fayette county.

But neither \$20,000 nor 20,000 years
of effort will harmonize, cement and
unify the Democratic factions of Pen-
sylvania. If the Guiffy Conservatives
and the Bryan Progressives continue
in their past relations, and from pre-
sent indications the ending looks as if
never be allowed to become dull nor
the hatred to be buried.

A fund of \$20,000 indelicately ex-
pended might cement some of the Indiana
temporarily to the disabusing cause,
but a great deal more cement will be
required to hold such union securely
together.

This is something of a cement age
in politics as well as in architecture.

GREENE COUNTY'S

POLITICAL REFORMATION.

The Waynesburg Messenger urges
all Democrats, urged all the Rockwell
independents of Greene county to go to
the polls and vote the primary ticket so
that they will not be closed with
those who remain away because "there
is no money in the campaign."

For many years the Greene County
Democratic primaries were carnivals
of political corruption. The practice
of buying votes became so common
that men of substance and standing in
their communities felt out their hands
just as persistently as the veriest
vandal whose only available asset in life
was his vote.

This demoralized Demo-
cratic condition continued until it
ruined the county's leading bank and
sent its cashier to prison. Reform
came only when the corruption fund
ran out and could not be replenished.

The character of this reformation is
disclosed in the pitiful plea of the na-
tional and honorable "crean of the Greene
county Democracy. It is the virtue
of necessity, not the wholesale eradica-
tion of vice. The habit of political
bribery has been suspended, but there
are evidently many who wear the yoke
of pure politics with bad grace and
even sulky resentment.

A Dunbar man has discovered that
the Fayette county beer merger is con-
trary to the Illinois law and calls up-
on District Attorney Henderson to put
a stop to it. We suggest that this Dun-
bar Trust better hire a lawyer.

Brownsville wants an emergency
hospital for quick Klondike ministra-
tion.

The automobile fever is growing in
Connellsville.

The Pinkerton man who shot and
killed a companion was convicted of
murder in the second degree apparently
because it was shown that he was in-
temperate Drunkenness, like ignorance,
is no excuse for crime, but rather
an aggravation of it. The Jurors, how-

Fayette and Somerset for
Home Congressional Candidate.

In voting for a Congressional nomi-
nee in the Twenty-third district on June
4 the Republicans of Fayette and
Somerset counties will be called upon
to choose between a candidate from
their home counties, both of which are
strongly entrenched in the Republican
column, and a candidate who is a
stranger to the rank and file of the
voters and whose home county year in
and year out elects only Democrats to
office. Charles F. Hood of Connell-
ville is a life long resident of Fayette
county. He has voted and worked for
the Republican ticket since he attain-
ed his majority. For the past ten
years his business interests have been
largely in Somerset county. The In-
dian Creek Valley and the Rockwood
& Bakersville railroads, of which he
is at the head, are opening up a vast
virgin territory which means develop-
ment and industrial activity for Som-
erset county. Mr. Hood is, therefore,
vitally interested in the welfare of
Somerset county, a Somerset conman.
In fact, aside from the fact that his
legal residence is in Fayette.

Will the Republicans of Fayette and
Somerset counties then, vote for a
candidate, who is unknown to them,
who has made no effort to get among
them and whose Republican strength
in his home county is hopelessly weak?

Greene county has no claim on the
Republican nomination for Congress
in the Twenty-third district. Some of
the Somerset county newspapers bold-
ly announce that Congressman Coop-
er's mantle is to fall on the shoulders
of Col. Thomas S. Crigo. Will not
the voters of Somerset county be a
powerful factor in choosing Congress-
man Cooper's successor? Isn't it bet-
ter politics and more logical for the
Republicans of Somerset to vote for
a man whose ambition in life is to
succeed with enterprises he has under-
way in Somerset county, and which
will materially benefit hundreds of its
citizens. That is the position of
Charles Hood. He is not a college
graduate, but he is a keen, capable and
clean business man. He is qualified
to represent the Twenty-third district
in Congress. His record in Fayette
and in the Assembly and he has the
respect and confidence of his home
people.

What has Colonel Crigo to offer Fay-
ette and Somerset counties in return
for the Congressional nomination in
the way of party support? He admits
he will not carry Greene county next
November. It will cost his vote al-
most unanimously for the Democratic
nominee. A Congressman whose home
is in Greene county would be isolat-
ed from four-fifths of his district. The
people like to have their Congress-
man among them.

If Greene county had in the past
shown any interest in the welfare of
the Republican party or there was any
indication that in the future it would
support Republican principles Colonel
Crigo might logically argue that his
nomination would strengthen the party
in the district. But he doesn't claim
that. The nomination of Colonel Cra-
go would be a gift on the part of the
Republicans of Fayette and Somerset
counties without the faintest chance
of party reward. Future Republican
candidates from Somerset and Fay-
ette could count on no support from
Greene.

The Congressional field was open to
any Republican in Fayette and Som-
erset who might have wanted to rep-
resent the 23rd district. Charles F.
Hood jumped in and is making the
race. His opponents do not dispute
that he is qualified to fully represent
the district at Washington. Will Fay-
ette and Somerset take a back seat
for Greene?—(Adv.)

A BIG AUDIENCE WAS PRESENT

Fraternal Order of Eagles Making Plans For Attending Exemplification of the New Ritual—Christine Miller To Sing For Peterson College.

Special to The Courier.

SCOTSDALE, May 21.—It was a brilliant assemblage that fared forth yesterday afternoon to crowd Geyer's open house to witness the class day exercises of the grammar class of the Scottish Rite School, and the entertainment was well worth the tending. It all went smoothly, with much good humor and prettiness. The 38 members of the class clad in purple and gown occupied the stage in a semi-circle. The decorations were in purple and gold, the class colors. The three songs by the entire class were pleasantly rendered, as was also those of the quartette, *The Prophecy*, *The Optimist* vs. *The Pessimist*, was in care of Miss Helena McKoon and her quartette. The *Chorus* was sung with much cleverness and some astonishing things as shown on Eto's book for the class of 1910. The class donations were made by Miss Ruth Browning and Miss Iva Hellein and these young ladies performed their task with much grace and wit. Each member was presented with some token presumed to reflect the qualities predominating in the recipient of the gift. Then followed the class play, entitled "*The Deacon's Second Wife*," which told an interesting little story. The characters

approval for young people. The mink-
ers were true to detail, and in har-
mony with the character, so small part
being omitted. The play and stage ef-
fects reflected great credit upon
Charles H. Shultz, Principal of the
High School, and the coach of the
play. Under Supervising Prince-
pal and Tanner all the examina-
tions were cleared away this year in
time that all teachers and pupils were
permitted to be present at the play with-
out inconvenience and the haunting
ghost of unfinished work. Tonight the
play will be given at the annual
open house, followed by the annual
Amulmi banquet at the Red Building.
Tomorrow evening the banquet of the
Juniors to the Seniors takes place.

Eagles Are Getting Ready.
The Fraternity Order of Eagles are planning a great trip to Pittsburg on June 3, when the new pilot adopted by this district will be flown for the first time. The trip will be first put into effect in this district. A. P. Byrno was the representative of the Scottdale arch at Omaha that time and is taking quite an interest in the coming event. If H. Lee has the arrangements in charge and has made several trips to Pittsburg, he will be able to state the proper application to the local. The camp will be placed at Duquesne Garden and will last all day, and when one reflects that there are 32 eagles in this district, which takes in that part of the State west of the mountains it indicates a big crowd to be present.

It may be that a special train will be run for the Eagles from this section.

Local Option Meeting.

Charles Jordan, a brilliant speaker will address the Local Option meeting to be held in the First Methodist Episcopal Church Wednesday evening following the prayer meeting, and to which everyone is invited.

Will Be Graduated.

Invitations were received in town last night from the Senior class of Dickinson College, Carlisle, Pa., for the annual commencement exercises to be held in Hoster hall, Wednesday morning, June 8, at 2.30. Benjamin Franklin Porter, a son of Mr. and Mrs. M. B. Porter of Market street, is a member of the graduating class.

CARD GAME ARGUMENT

Ends in Murder in Little Barber Shop at Alliquippa.

Alliquippa, Pa., May 24.—As a result of an alleged gambling dispute several days ago "Mike" Vegovitch, twenty-five years old, was shot in the barber shop of John Velick in Locketown hollow between Alliquippa and Woodport, dying from his injuries a few minutes later.

John Staponovic, his alleged murderer, fled to the hills and has not been captured. Both men are said to have been professional gamblers and several packs of cards were found in

The two met in the barber shop and the dispute is said to have been renewed. Stepanovic, it is alleged, walked out of the shop and went to a nearby hardware store, where he purchased a .32-caliber revolver, loaded it and placed it in his pocket. He is then alleged to have walked back to the barber shop and to have taken a seat beside Vegovitch. More

words passed and Stepanovich, it is alleged, rose, and, pulling the weapon, fired three bullets into Vagovitch, two of which entered the abdomen and one the left arm.

Bomb Wrecks Congressional Candidate's Home at Plains, Pa.

WILLIAM-BARRE, Pa., May 24.—The state constabulary, sheriff and posse and other sleuths are hunting the perpetrators of the dynamic outrage at the home of Henry W. Evans of Plains.

DECIDE ON TWO DREADNAUGHTS.

Year's Naval Program Is Settled by Congress.

SENATE CONCURS WITH HOUSE

Difference as to Cost of Ships; Senator Hale Thinks Construction Will Cost \$18,000,000—Naval Appropriation Bill \$134,000,000.

Washington, May 24.—Two battleships, each of 26,000 tons, will be added to the American navy as a result of the senate's action on the naval appropriation bill. The house already has authorized two first-class ships of war, and the senate's action goes far toward establishing a permanent policy the two battleships a year program. This is the third year in succession that congress has voted such an increase to the navy.

The proposition was carried in the senate by a vote of 39 to 36. The naval appropriation bill carries about \$134,000,000.

The cost of the proposed battleships which will outclass the original Dreadnought type in a subject over which members of the senate disagree. Senator Clay of Georgia, in the course

of the debate on the naval appropriation bill, estimated that the ships of war should each cost \$16,000,000. Senator Hale of Maine, who for many years was chairman of the senate committee on naval affairs, fixed the cost of one of these modern fighting machines at \$19,000,000. Both of these estimates were challenged by Senator Perkins, chairman of the naval affairs committee, who declared that the cost of the proposed battleships would not be more than \$11,000,000 each. He based his estimate on information furnished by the general board of the navy.

WESTON'S BOAST RILED HIM

And Now John Ennis, Age 68, Is Going to Walk to France. New York, May 24.—John Ennis, the Stamford (Conn.) pedestrian, native of Ireland, who aspires to break Weston's record of 197 days from New York to San Francisco, left the city hall armed with letters from Mayor Gaynor to the mayors of Chicago and San Francisco. Ennis will be sixty-eight years old on June 4, just about three years younger than Weston.

"I got stirred up over Weston's statement that no one except a person born in America could do the walk," said Mr. Ennis. "I've got a pair of good Irish legs, and I thought I could turn out as good or better a stunt myself."

Count of Monte Cristo Presented Admirably by the Howell-Keith Co.

It has been a long time since Dumas' famous play, "The Count of Monte Cristo," has been seen in a local theatre, but the performance last evening by the Howell-Keith Stock Company was a credit to the organization. Under the direction of N. Alvarez the production was better staged than the average stock company offering. "The Count of Monte Cristo" has been read generally, although opportunities for seeing the production have been limited in this section. The role is taken by Edward Loeffler, who has been one of the best attractions of the stock company. Sharing honors with him was Miss Ethel Desmond as Mercedes. The rather difficult roles of Caderousse and Carconte were well handled by William Dyer and Nellie Lyons Hagley. Their work was decidedly clever. In fact, the company appeared to better advantage in this production than any of their selections.

Tonight the same play will be presented. There will be a change in the bill commencing at tomorrow's matinee. "The Slave of the Orient," a thrilling melodrama, will surely please the stock company's clientele. "The Slave of the Orient" will be given Wednesday, matinee and night, and Thursday evening. Friday evening's performance has been cancelled to make way for the High School class play, "The Rivals." Saturday afternoon and night another melodrama, "Across the Desert," will be presented. Taken as a whole the bill this week is above the average. At the Saturday matinee the children will receive boxes of candy, this plan proving decidedly popular with the youngsters. The prices at night are 10, 20 and 25 cents; matinee, 10 and 20 cents.
